ELIGIBILITY

All performing competitors must be currently enrolled in the primary or secondary school that they are representing. Combined school groups may be permitted should they be a regularly rehearsing and performing ensemble. Adults or teachers are not permitted to perform with any band or sing in any choir (adults may provide piano or rhythm section accompaniment in the vocal sections). While a student may perform in both the bands section and the choir section, each student is able to perform in only band division and/or only one choir division (unless they are playing a different instrument) and/or only one vocal ensemble (unless they are performing in both a small and large ensemble).
